

U-Serve – The Automated Locker-Bag Storage Conveyor

Save money, space and labor at your property

U-Serve is our cost-effective solution for the automated storage and retrieval of staff locker-bags using their existing staff ID-badges.

Our U-Serve conveyor provides secure 24/7 automated access so staff can store their personal clothes and belongings whilst working on shift.

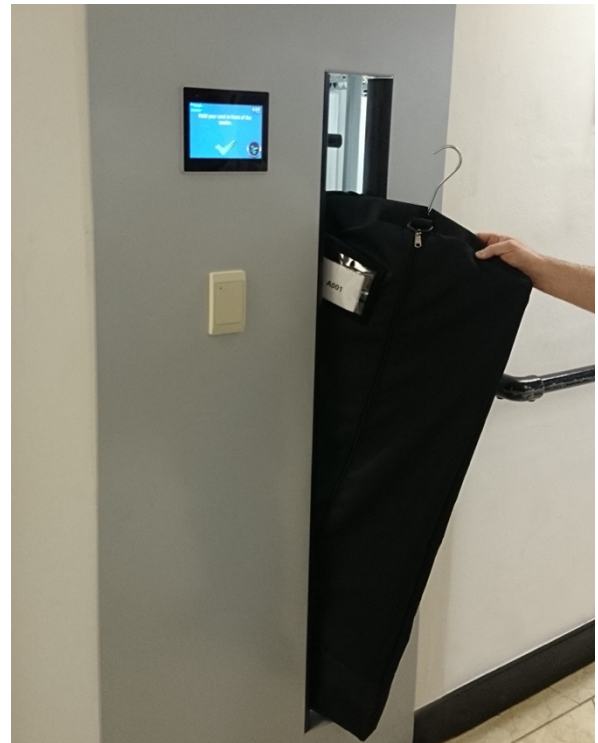

The conveyor system can be configured to accommodate the required number of staff and fit any size or shape of room.

U-Serve replaces traditional changing room lockers, providing staff with a modern, automated and long-term reliable solution for their on-site storage requirements.

U-Serve Locker-Bag Conveyor
